Skill	steel	115	48	20	19	1,5	9,81	20
Skill	steel	115	48	20	19	2	13,08	20

Description of expanded metal

LWD x SWD x A x B

LWD = long way diagonal / SWD = short way diagonal / A = strand width / B = thickness / C = width of plate / D = lenght of plate / E = total thickness

The figure for the corrected height of the drawbar is for guidance only.

This value is measured at the center of the panel, with the value on the sides of the panel always being higher.

E * = The corrected height is specified for the sheet area; at the edge meshes, it may reach up to twice the stated value.

Light transmittance
